FOREWORD

We have endeavored to place herein a record of the memorable events and achievements of the school during the past year. We trust we have done justice to the situation and hope our production receives the approval of our readers. We wish to express our appreciation of the help of the staff, the faculty, and the student body.

—The Editor.

Dedication

The Chestnut Burr of 1930 is here dedicated to the new
KENT STATE COLLEGE
which was established by the Legislature of Ohio in 1929.

It has been said of Ohio that it was the last state in the Union to provide itself with state normal schools, as it was not until 1910 that our Legislature made the first move of this sort by voting such schools for Kent and for Bowling Green.

It can now be said of Ohio that it was the first state in the Union to substitute state colleges for its state normal schools, that students who wished to be trained in the Arts and in the Sciences might receive such training in the same school with those students who are being trained to be teachers.

This new college experiment is just finishing its first year; and since it has brought us an increased enrollment of students, and enriched our courses of study, and broadened our outlook on life, we are dedicating this 1930 Number of the Chestnut Burr to the new

KENT STATE COLLEGE
Kent State's First Liberal Arts College Student Group.
KENT STATE

Kent State College is set on a hill—
To win to her door you must climb with a will,
And Kent State hill is weariful long—
But we trudge on together, a glad-hearted throng.

Climbing the hill at Kent.

Kent State portal is open wide;
You've made the grade and you're safe inside—
There's a clarion call to maiden and youth,
For now is the time we begin, in truth,

Climbing the hill at Kent.

For, hills of the earth or hills of the soul,
It is all the same, for they take their toll,
One of the body and one of the mind,
And the summit is hard to gain, we find,

Climbing the hill at Kent.

But keep a-stepping, and first you know,
You are up on top where the cool winds blow,
Below, farstretched, lies a wonderful view
And glad are the eyes and the heart of you
That you climbed the hill at Kent.

—MAY PRENTICE
The Campus
Training School
ADMINISTRATION
The President's Message

COLLEGE, A GRADING AND SIFTING PROCESS

Intelligence is unequally bestowed. Native endowments differ. Talents are unevenly distributed among any college or other group. But the race is not always won by those whom Nature selects as the swift. You may not realize it, but the ancient fable of the hare and the tortoise is illustrated anew every year on our own and every other campus.

The tragedy of college life is that so many students who might be rated excellent are content with being good, and that others who could be good are only fair or average, sometimes even poor.

College diplomas and college degrees have both intrinsic and marketable values which differ as widely as do the grades of wheat brought from the harvest field to the elevators; or the fruit from the orchard after it has been graded and sized for the market; or the coal that has passed over the screen after it has been mined.

Two years or four in college offers one his finest opportunity for an education, but even more for making a reputation, for finding the tag by which he will long be labeled and appraised. They constitute an elaborate grading and sifting process as a result of which we go out ticketed "prime," "first class," "A one," or "seconds," "medium," "short," or something lower in the scale.

Your actual value, your reputation and your marketability are determined by several factors, and of these, only one, your I. Q., seems to be fixed unalterably. Your industry can rise or fall in the scale as you will have it. Dependability can be achieved if you think it worth while to do so. Politeness is as easy to learn and then make habitual in the life of the average as of the brilliant student. Good health and good English, too, are within the reach of the rank and file of men and women. Friendliness, sympathy, patience, sincerity, cooperation, impartiality, idealism, desire to serve, - these and many other qualities increase or lack of them detracts from the marketability of the services of any teacher. High I. Q.'s never guarantee high scholarship, for such scholarship is likely to require persistent application, industry, hard work, if you please. But even high scholarship needs the re-enforcement which only such factors as those listed above can give to place and keep a teacher in the "preferred" class.

—Dr. Engleman.
The history of mathematics shows an interesting series of changes from the time it was strictly utilitarian through the period when it was chiefly, "A handmaiden of Theology", to its present return to utilitarian uses.

Living, as we do, in an age of machines we find an increasing demand for courses stressing fact information and study of certain and logical conclusions from accepted assumptions. It is reasonable to find, therefore, that in our modern educational system mathematics holds an important place.

At present we offer a wide variety of courses to meet the needs of those majoring in our various departments. These range from methods for presenting fundamental number ideas to children in the Kindergarten to the highly technical courses for those looking forward to the scientific vocations.

DEAN OF WOMEN
Blanche A. Verder

Graduates of 1930 - For you we trust college has been no "finishing school", but a place of real beginnings. If the opening of college meant the opening of your mind, if you have continued to welcome new truth, and ever to open your heart wider to friendship and your soul to the inflowing spirit, if the horizon of your entire being has widened, then for you college has been a successful adventure. Now as you leave the campus to enter into the unknown future, may you accept Robert Browning's challenge to "greet the unseen with a cheer."

Now leaving all behind, facing to the dawning,
   Sons of dear Kent State, welcoming the morning,
   Seekers of Light, go forth!
Heirs to the wisdom treasured through the ages,
   For scanning wisdom's book, searching thru the pages,
   Seekers of Truth, go forth!
So college days well done, moved by noble vision,
   Our commonwealth to serve, this shall be your mission
   Seekers of Light and Truth.

DEAN OF MEN - MATHEMATICS
R. E. Manchester

The history of mathematics shows an interesting series of changes from the time it was strictly utilitarian through the period when it was chiefly, "A handmaiden of Theology", to its present return to utilitarian uses.

Living, as we do, in an age of machines we find an increasing demand for courses stressing fact information and study of certain and logical conclusions from accepted assumptions. It is reasonable to find, therefore, that in our modern educational system mathematics holds an important place.

At present we offer a wide variety of courses to meet the needs of those majoring in our various departments. These range from methods for presenting fundamental number ideas to children in the Kindergarten to the highly technical courses for those looking forward to the scientific vocations.

Page twenty
The aim of manual training is to develop thru actual participation in handwork, mechanical intelligence in all pupils, irrespective of their future vocations.

The above statement of the aim of manual training is the guide for this department. All grade room and rural teachers should take work in this department. They are the ones who should give an increasing amount of this work in the schools of the state and they should be prepared to use it in motivating other lines of school work.

The demand still exceeds the supply for men who can teach mechanical drawing, woodwork, metalwork, printing, simple mechanics, fiber cord work, etc., and the department aims to give a good preparation for such positions.

In the long period of time covering social development agriculture was among the earliest vocations which was clearly defined. The intimate relation between continued existence and the food supply of people establishes a permanent and basic interest.

While the food getting activities are essential to satisfy human needs the vocation provides abundant opportunities to grow and mature in the higher levels of social and spiritual attainment. Agriculture is more than a vocation dealing with materials, it is a way of living.

Agriculture as a vocation because the daily activities are clearly associated with nature provides a body of experience of sound educational value. In viewing the subject of agriculture as a study of a mode of life economic values would obscure educational values. Since human aspirations transcend human needs the subject of agriculture is emphasized as means of education.
The Department of History and Social Science has a two-fold aim. On the one hand it attempts to give to the prospective history teacher that sound and thorough grasp of the subject matter involved without which success as a history teacher is impossible. But on the other hand the department aims to help the general student to the cultural background which will enable him to live a well-rounded life and make him a more useful citizen. Through the medium of history the student learns to know the great writers of the past, to become acquainted with the great thinkers such as Plato, Aristotle and Descartes, and to watch the growth of science from Archimedes through Roger Bacon to the wonders of the present. Thru history and its sister sciences, government, sociology and economics, the student watches the whole stream of human progress from the pyramids to the present and cannot help being the richer and the better equipped for his life work thereby.

DEPARTMENT OF ENGLISH

Edgar Packard, A.B.

The Department of English has added another year to its history. Professor Satterfield, who returned to us from Columbia University last year, has charge of the Freshmen - their entrance examinations and their first year of English work. He has been assisted by Professor Davey, who has had to spend most of his time in the History and in the Latin departments. Prof. Edward Pake, formerly superintendent of the Dalton (Ohio) schools, has had charge of the Public Speaking and Debating. Prof. E. T. Griebling, formerly an instructor in Capital University, has had charge of the Dramatics and of the Journalism. He has been assisted on the "Kent Stater" by Alfred O. Hill. Miss Hyatt continues in charge of the Elementary Methods in Reading and in Language, and Miss Tope continues in the Extension work throughout the state.
THE DEPARTMENT OF EDUCATION AND PSYCHOLOGY

D. W. PEARCE, A.M.

The Department of Education and Psychology is striving diligently to base its psychology firmly upon modern conceptions of biology. If it can succeed reasonably well in this, notable contributions may be made to the profession of teaching through the discovery and formulation of principles upon which methods of sound teaching procedure may be based. In our basic courses in Principles of Education cognizance is taken of the changing needs of an industrial and economic civilization. The resulting conception of the aim of education is not, therefore, some antiquated view long since discarded, but one fitted to present progress. In our courses in Organization and Management the attempt is made to put our students abreast of the times in modern theory, yet, by no means, to leave them in a wilderness of "ologies" and "isms." As far as possible we desire that our students shall go out to their fields of labor with a realization of the tasks to be done, and a practicality that shall enable them to accomplish them successfully.

DEPARTMENT OF ART

Nina S. Humphrey

The art needs of the Child, the Community and the State as given by the Art Director of a neighboring state offers us a clear objective for the work of the Art Department.

FIRST—All need sense training and a fine discrimination in the selection, the purchase, and the use of manufactured articles for the person and the home. These may be described as 100% needs.

SECOND—The community needs citizens who desire attractive homes, beautiful yards, parks, playgrounds, school buildings, museums, monuments, and all that contributes to civic beauty and civic pride.

THIRD—The merchant needs salespeople with fine taste and sound aesthetic judgment, beautiful show windows, and attractive advertising, for these will "sell the goods".

FOURTH—The manufacturer of textiles, wall paper, carpets, rugs, furniture, pottery, glass, silverware, jewelry, lighting fixtures, and art metal products requires designers and artistic craftsmen who will make these products ever more beautiful and attractive.

FIFTH—The printing industry requires illustrators, designers of book and magazine covers, artistic magazines and poster advertising, and attractive labels for toilet preparations, food containers, etc.

SIXTH—The State requires painters, sculptors, architects, and museum directors. It requires teachers and supervisors of art for its elementary and secondary schools, for its colleges and universities.
What have been the findings of the Modern Foreign Language Study? To stress greatly the advisability of having the emphasis in teaching placed upon training students to read as soon as possible. To urge this necessity even more in case the language is begun in college.

Since the work of the French Department is planned to conform to these principles, it is possible very early in the course for students to begin to appreciate the spirit of France by seeing for themselves how national traits, characteristics and problems are viewed by some of the literary geniuses of that country. Further progress increases the number of these points of interest and comparison. Time honored and modern writings open up new fields and interpretations of history, literature, science, art and travel. So one may dwell at home, but live beyond the seas.

DEPARTMENT OF GEOGRAPHY AND GEOLOGY

DAVID OLSON, M.Sc., A.B.

How big is your world? How far does your imagination soar? How deep does your understanding penetrate? To what extent is your mind unshackled from superstition and prejudice? The answer to these and many questions like them are functions of your geographic study and reading. Even to know where the places one reads of are, what their climate is and how they are peopled, is something; but in its wider meaning, as the science which aims at the explanation of the adjustment of man to his surroundings, there is no problem in past history or of present politics and economics which cannot be elucidated by the applications of the principles of geography.
DEPT. OF HEALTH AND PHYSICAL EDUCATION

A. O. DeWeese, M.D.

The Student Health Service of Kent State College is organized upon the three following assumptions:

1. That educationally it is now generally recognized that Health is a fundamental factor in training and preparation for citizenship since the health of the boy and girl materially determines endurance, disposition and attitude, and endurance, disposition and attitude vitally affect happiness and efficiency.

2. That in the training and preparation for citizenship the school is as much responsible for the preservation and protection of the child's health and development of his physical efficiency and well-being as it is in the guidance and training of his mental attainments.

3. That an abundance of radiating health and physical well-being is of more importance to the classroom teacher than in an individual in any other profession, since an example in well-being is an incentive of greatest importance in Health Education, and an unhealthy teacher cannot be in complete sympathy with the attitude and disposition of live, healthy, out-door-minded boys and girls.

DEPARTMENT OF HOME ECONOMICS

Bertha L. Nixon, M.A.

The students welcomed the return of Bertha L. Nixon, head of the department, who has been absent on a year's leave which included study at Columbia and a summer's travel and study in Europe.

Miss Nona Isabel Jordan is the new clothing specialist. She is a graduate of Drake University and Columbia.

While the primary purpose of the department is the training of teachers of home economics we are anxious to serve the ever increasing numbers of general students who are becoming more and more interested in the various phases of home economics. Several new courses have been introduced and a new minor for the general students has been added to the curriculum.

Through the efforts of the students in the department the administration has sponsored a practice house for the major and minor students of home economics. Six students and a faculty representative enjoy the comforts of home along with its responsibilities.
September 1927 there has been on in this department. Two full-time instructors, one in the College and one in the Training School, aided by part-time instructors in piano and voice, formed the staff of 1927. September 1928 saw the addition of one instructor, Mr. Steere; and with September 1929 came two more, Miss Littlejohn and Mr. Metcalf. The present staff is composed of five full-time instructors and a part-time instructor in voice. One room was used by the department in 1927. Since then we have grown until four rooms are necessary to provide for our activities. With new teachers and new equipment has come the opportunity to offer not only a major and a minor in the department but to take our places alongside some of our sister colleges in offering a four-year degree course in Music Education. In this one year more than a dozen students have enrolled in the department for these advanced courses. We realize that with this growth come new responsibilities. May we ever do more to make music a vital part in the life of this community, and through teachers who are keenly alive, may reach the hearts of children and thus have a widespread influence throughout all of north-eastern Ohio.

TRAINING SCHOOL
A. L. Herr, A.B., M.A., Ph.D.

The training department at present is responsible for the courses in observation and in practice teaching. It is the purpose of the course in observation to integrate the various principles taught in psychology, classroom-management, and methods, and give them meaning by observing teaching and learning. It also aims to give the prospective teacher an opportunity to use these principles in analyzing teaching and learning in the classroom as a preparation for actual teaching. It is here that the prospective teacher attempts to apply principles in actual teaching and learning situations. Here the teacher is directed in acquiring those classroom procedures which are effective in teaching.

Not all of the practice teaching is being done in the campus training school. At present the elementary schools in the City of Kent and the Franklin Township schools are being used for practice teaching. This year a supervisor has been added to the training school faculty who supervises the practice teaching done in off campus schools.

DEPARTMENT OF MUSIC EDUCATION
Florence M. Sublette, B.S., A.M.

Since September 1927 there has been much expansion in this department. Two full-time instructors, one in the College and one in the Training School, aided by part-time instructors in piano and voice, formed the staff of 1927. September 1928 saw the addition of one instructor, Mr. Steere; and with September 1929 came two more, Miss Littlejohn and Mr. Metcalf. The present staff is composed of five full-time instructors and a part-time instructor in voice. One room was used by the department in 1927. Since then we have grown until four rooms are necessary to provide for our activities. With new teachers and new equipment has come the opportunity to offer not only a major and a minor in the department but to take our places alongside some of our sister colleges in offering a four-year degree course in Music Education. In this one year more than a dozen students have enrolled in the department for these advanced courses. We realize that with this growth come new responsibilities. May we ever do more to make music a vital part in the life of this community, and through teachers who are keenly alive, may reach the hearts of children and thus have a widespread influence throughout all of north-eastern Ohio.
DEPARTMENT OF PHYSICAL SCIENCES
C. F. Rumold, A.B., LL.B.

The Department of Physical Sciences at Kent State College offers in regular courses 102 term hours in Chemistry and 30 term hours in Physics. In addition special courses are arranged for students who have the necessary preparation for profitably pursuing the work. Students who are working off pre-medical or engineering requirements here find exactly the work they need. The earlier courses are presented with emphasis on the method of teaching these fundamental sciences. It is intended to give in these courses the training in the presentation of the facts and principles which will equip one for successfully teaching these sciences in the high schools. Those students who are looking forward to careers in the applied sciences will find in the more advanced courses work equivalent to similar courses in the colleges and universities. Laboratory facilities are unexcelled and much emphasis is given to individual laboratory work.

THE KINDERGARTEN-PRIMARY DEPARTMENT
G. Hazel Swan, B.S.

It is very gratifying to announce that the Kindergarten-Primary Department now has twenty-two students registered for three and four year work.

All of these students are active members of the Kindergarten-Primary Club which was organized in February 1929. The aim of this group is to help in every way possible the Nursery - Kindergarten - Primary causes or the work with young children. The club has a number of interesting plans for the year to render service.

This student club is a branch of The International Kindergarten Union and is one of a few student branches belonging to the international body. Last May the club sent two delegates to the international meetings at Rochester, New York. This year it is sending one to Memphis, Tennessee.

It is the hope of the department that another instructor may be added soon so that all the courses of the department may be given to keep this fine, earnest group of twenty-two young women.
THE LIBRARY
MARGARET DUNBAR, B.L.

During the last week of August 1929 the library of Kent State College was moved from the Administration Building where it had had its home for twelve years to the new David Ladd Rockwell Building which had been especially designed and built to house it and to provide a pleasant place in which it might be used.

The building has proved well fitted to the purpose for which it was planned and dedicated; its beauty is a joy to every student; its proportions, colors, ample light, heat, ventilation, and noiseless floors unobtrusively give comfort and pleasure to everyone who uses it.

The library, now numbering over forty thousand volumes, is growing to meet the new requirements of the College and with adequate appropriations which will be made from time to time will be able to meet the needs of students in all courses and to supply also recreational reading.

DEPARTMENT OF BIOLOGY
H. A. CUNNINGHAM, B.S., M.A.

There are many big themes in biology; one of which is the "Behavior of Organisms". Human education, since it deals with ways and means of modifying the behavior of conscious human beings, is really one subdivision of biology. Every one should be interested in making a superior adjustment to his environment; in adjusting his environment to himself; and in understanding, and influencing, at times the behavior of others.

The prospective teacher is immediately interested in biology as a fundamental aid in the solution of classroom behavior problems and "as an introduction to such subjects as hygiene, nature study, physical education, psychology, and child study." Biology is prevocational to such other occupations as agriculture, dentistry, medicine, forestry, etc., because these occupations are based upon fundamental laws and principles of biology.
DEPARTMENT OF
TEACHER-PLACEMENT AND
EXTRA-MURAL ACTIVITIES
EMMET STOPHER, A.B., A.M.

The activities of this department may be classed as:
1. Teacher-Placement
2. Supervision of recent graduates in the field
3. Directing home study department
4. Arranging for extension class centers
5. Alumni activities
6. Field relations

During the spring and summer terms, a very large part of the time is given to a survey of teaching needs and a study of the qualifications of candidates. All members of the present graduating class are urged to enroll with the Teacher-Placement Bureau. Its advice and help is available also to former graduates and undergraduates.

An effort is made to make a continuous check-up on graduates. It is hoped that the college will be able to publish a directory of all graduates some time next year.

THE REGISTRAR
JOHN L. BLAIR, A.B., M.A.

To reduce as much as possible of administrative activity to routine is to raise to a maximum the availability of the administration for those activities which cannot properly be carried on in routine manner.

Applied to the Office of the Registrar, this is to say that the particular problems of individual students can be given fullest attention when the problems and activities common to the whole school are carried forward according to habitual, established procedures. The student body therefore operates in its own interest when it is careful to follow the established plan in all possible situations, and to raise the question of special need only after discovering that no regular procedure is available. Under such conditions are the objectives of the school and the student body best attained.
I believe that the year 1930 will go down in the athletic history of Kent State College as the one of greatest achievement. While our teams have made a creditable showing in competition, our greatest achievement has undoubtedly come through the efforts of the Athletic Committee in obtaining a membership in the Ohio Athletic Conference of Colleges. Early in October, Dr. De Weese and Mr. Davey attended a meeting of this conference and presented our case, with the result that we as a College were granted the customary probationary membership of one year, after which we will automatically become a member in full standing. This Conference is composed of a group of Colleges such as Akron, Mt. Union, Hiram, Oberlin, and other leading Colleges of the state, which have organized for the advancement of the type and quality of intercollegiate athletics in the State of Ohio. This means that for the first time in its history Kent State College will have an athletic eligibility rule, the one year residence rule, and, above all, will compete with other Colleges in this district and state on an equal footing.

We Diploma Seniors
Wish to express very
Deep appreciation—
For our Alma Mater,
Kent State College;
For Doctor Engleman,
Whose many sincere words
Of thoughtful kind advice
Have always given much
Encouragement;
For our illustrious
Faculty, guiding us
In the paths of learning.
And we bid you all a
Reluctant farewell.

Women's League

The Women's League of Kent State College has sponsored the Big and Little Sister Teas that have been given each term. They ran a series of "Sunset Dances" during the winter term, which everyone enjoyed very much. The tenth of January a "New Year's Ball" was given with fine success.

The Mothers' and Fathers' entertainment of May 10th and 11th was sponsored by the Women's League.

The Officers are—President, Olive Taylor; Vice President, Maxine Moore; Secretary, Helen MacCurdy; Treasurer, Elizabeth Williams; Representatives: Maxine Henderson, Helen Eastwood, Ann Stone, Ruth Geib, Marion Palmer, Adelaide Walker, May Landon, Elizabeth Freeman.
Kent State Council

This Organization was revised as to the number of members this year. There are at present 4 men members and 4 women members. The men were chosen to represent each men’s organization on the campus, the women to represent each women’s organization not including each sorority - but one woman represents all Sororities, one the Women’s League, one Off Campus and one the Dormitories.

The Council has worked hard in order to promote debating and to promote as far as possible Kent State’s customs. Freshman Assembly was put into the calendar the College. As far as the Council at present knows this assembly will continue into the future as a custom for Freshmen.

The Council was instrumental in putting across the Red Cross drive which was a success.

We have made plans for the revision of the College hand book contents of which the students will be responsible for. The Council met once a month to discuss problems arising and to solve them as much as it was in their power to do so. The Council is becoming more and more an important organization on Kent State’s Campus. It has more and more power each year which is a sign of a growing institution.
Off Campus Women's Club

This organization, which is composed of girls living off-campus, is one of the oldest and most active in the college. Its purpose is to give its members the same opportunities for social contact as are enjoyed by the girls who room in the dormitories. The club room in Merrill hall affords a place of rest and recreation for all members.

Some of the annual affairs which the club sponsors are the Harvest Dance in the fall, the Pop entertainment, Home-coming banquet, and the May breakfast. This year the club inaugurated a series of parties, which included a Christmas Party, St. Patrick's Day Party and a Chinese Supper. The Pop entertainment of this year included a play "The Good Woman" which attracted much attention by its excellent presentation.

The club officers for the fall term were: president, Elizabeth Truscott; vice-president, Jeanette Riddle; secretary, Grace Barker; and treasurer Lucille Truscott. In the winter term the new officers were: president, Alice Hinds; vice-president, Laura Limbert; secretary, Greta Wolf, and treasurer, Jeanette Riddle.
This association is composed of four representatives from each sorority on the campus, including president, faculty advisor and two other members. Miss Verder is an honorary member.

Each office is held in rotation by the sororities, according to the official roll. Officers for 1929-30 are: President, Kathryn Welch - Pi Kappa Sigma; Recording Secretary, Thelma Brezgar - Alpha Sigma Tau; Corresponding Secretary, Ruth Buehler - Pi Delta Theta; Treasurer, Rebecca Oblonsky - Phi Epsilon. Faculty Advisor - Miss Naffs - Theta Sigma Upsilon. Officers for next year have not been elected.

The purposes of Panhellenic are:
1. To encourage all Sororities to take an active interest in all school and college activities for the common good.
2. To act as a court of appeal in the case of sorority difficulties and to regulate other matters pertaining to sorority life.

Each year the sorority having the highest scholarship has its name engraved on the scholarship cup and the cup remains in its possession for the year. Phi Epsilon holds the cup for 1929-30.

At the beginning of the year we had nine sororities represented in the Association. Alpha Phi Alpha, a local, became inactive. At present we have eight active sororities. A new local is being organized but the name is not known.

Kathryn Welch, President.
Y. W. C. A.

The Y. W. C. A. of 1929-1930 had the largest membership and most successful year in its history. The membership hovers about the hundred mark. The meetings have been very well attended as a very successful program was worked out.

During the academic year, Y activities have included the annual welcome picnic in the college woods, a party for the children at the Portage County Detention Home, Ravenna, in October, and a program for the Summit County Home for the Aged; the packing of the Caney Creek box in November to which every sorority on the campus contributed a package and which was sent to the community center of the Caney Creek Pippa Pan, Kentucky, a box being included for Miss Brysen, who attended the college in 1929; and the Christmas Bazaar held at Moulton Hall in December; in January the Caney Creek Crusaders were our guests, having charge of Assembly program and giving a play in the evening.

The regular Y meeting is held on Wednesday evening. During the year varied programs have been given. Dean Blanche A. Verder, the Y adviser, Professor Pake of the English Department, Miss Belle Rowlen, French Instructor, Miss Kennedy, a student at the college, formerly a social worker in Youngstown, and Miss Hazel Myers of the national Y.W.C.A., former secretary in China were among the speakers on these occasions.

The officers of the club are: President, Elizabeth Ludt; Vice-President, Charlotte Wahl; Secretary, Martha Maier; Treasurer, Cornelia Stewart.

The various chairmen of the committees are as follows: Anna Hinely, Helen Eastwood, Dorothy McClelland, Violet Fisher, Cora Ridgeway, Geneva Byers, Cedella Books.
Y. M. C. A.

The Y. M. C. A. was organized in the fall of 1929. This is the first successful attempt toward the formation of a club of this type.

The officers for the year 1929-30 were as follows:

President, M. E. Blouch; Vice-President, Franklin Williams; Secretary, Clayton Alden; Treasurer, Irvin Overholt; Council Representative, Delbert Cline.

Faculty advisors: Prof. Edward Pake and Prof. C. E. Satterfield.

In the first year's work the club has laid a substantial foundation for a Y.M.C.A. which will be a truly representative College Organization.
Le Cercle Francais made its appearance on the campus early in 1928, being sponsored by students in the French department. Its purpose is to develop sociability, good fellowship, and an appreciation of all things French.

The club meets the second and fourth Thursdays of each month. Its programs usually consist of papers on different phases of French life, varied with play evenings of French games and songs.

Susan Lewis and Marjorie Brigstock have served as presidents of the club during the year. They have been ably assisted by Kathryn Warner and Catherine Walker as vice-Presidents, and Virginia Russell, secretary-treasurer and Martha Duobin as secretary-treasurer. Miss Rowlen has acted as advisor and taken an active interest in affairs of the club since its beginning, and is deserving of a full share of credit for the success of the organization.
Ten students of Kent State College participated in the seventh national chemistry essay contest, sponsored by Mr. Francis Garvin of New York.

The contest is open to all students of teacher-training institutions, there being six subjects with three prizes given for each subject. They are: Relations of Chemistry to Agriculture; Relations of Chemistry to the Enrichment of Life; Relations of Chemistry to National Defense; Relations of Chemistry to Industry; Relations of Chemistry to Medicine and Relations of Chemistry to the Home.

Last year John Urban won a prize of $300 for his paper on “Relations of Chemistry to National Defense.” (This was the second time in succession that he brought one of these prizes to Kent State College.) The contestants this year included: Earl Barnett, Delbert Cline, Anne Conrad, Luella Conzette, Lucy Duck, Kenneth Hiestand, Isabel Kennedy, Eldon Scoutten, Walter Shammo, and Eleanor Stone.

Under the direction and inspiration of Prof. C. F. Rumold the participants submitted acceptable essays to the national headquarters. As an additional stimulus, Prof. Rumold offered two term hours credit in chemistry to encourage research in this profitable activity.
Kent State Home Economics Club

The Kent State Home Economics club has been very active this year. The members have taken great interest in the new practice house which was opened the first of the year. Many of the social and business meetings of the club are held there. In January the girls of the club participated in the style show given in assembly to illustrate correct and incorrect modes of modern dress, according to type. The concessions for the college ball games and the county and district tournaments were granted to the club. Money earned at these events will be used either to help furnish the practice house or to send one or more delegates to the Denver convention.

The constitution has been revised so as to provide for honorary and associate membership. To date the following are our honorary members: Neda B. Freeman, Mary Klepinger, Winnigene Wood, and Lucile Pearce Jacob. The associate list is gradually growing in numbers.

The officers of the club are: President, Sarah Morgan; Vice-president, Gladys Bowman; Secretary, Roberta Churchward; Treasurer, Catherine Cummings.

The club is affiliated with the American Home Economics Association and was represented at the state meeting held in Cleveland in January.

—Bertha L. Nixson.
The Literary Club was organized at Kent State during the Fall quarter of 1929 by Marian L. Frederick. The club meets once each month for a business meeting and once monthly for a discussion meeting. Its meeting place is the Senior Room of the library. The subjects discussed by the club are modern literature, poetry, drama and current happenings of the world. Its aim is to form a broader and more cultured group, both socially and intellectually.

The graduating members hope for the continued growth and success of this organization.

Officers: Marian L. Frederick, President and Program Chairman; Hattie B. Kriger, Secretary and Treasurer. Active Members: Marguerite Oyler, Marcella Suid, Bessie Lyons, Mary Lawton, Mrs. Anna Foss, Louise Fenton, Anna Unabsky, Marian L. Frederick, Hattie B. Kriger. Faculty Advisors: Mr. James R. Beck and Mr. Chester A. Satterfield.
This year our debating teams took on increased responsibility with the coming of an expert coach in the person of Mr. Edward Pake. About twenty students answered his call early in January and up to the time of this writing, four debates have been held.

Our first two, with Mount Union, we lost. Our second and last pair, with Baldwin-Wallace, we won.

The teams were composed of James Holm, Phil Barry, Watt Bair, Arthur Steere, and Eldon Scoutten. Back of the team, and directly responsible for their success were the other members in the class whose untiring efforts proved an inspiration to the teams.

Last year debating at Kent was born, this year it has grown into a young man and in next and in succeeding years its real place is to be felt. No official recognition has yet been granted to our teams by the school but with coming years we sincerely hope some such award will be granted.
The Kent State Band of 1929-30 enjoyed its largest membership and success under the able leadership of Mr. Roy D. Metcalf. Since its organization in the Fall Quarter the Band furnished Kent Staters with vim and vigor on the football field, at the basketball games, and in numerous assemblies. "Campus" Night was greatly aided by the Band's snappy music.

The Beginners' Band, a new feature at Kent State, provided the willing student with instrument and instruction which quickly enabled him to take an active place in the College Band.
The Kent State College Orchestra has made several appearances this year under the direction of Professor Roy D. Metcalf.

The Orchestra has played for several assembly periods and June Commencement.

There are twenty members in the organization. The various instruments represented are: violins, viola, cello, cornets, trombone, French horn, bass, saxophones, clarinet, flute, drums and piano.

The Kent Stater

The Kent Stater, student publication of Kent State college, is a student publication intended to reflect campus happenings and to provide a conservative means of expressing student opinion.

The year 1929-30 was one of the most outstanding in the history of the college. Alfred O. Hill started out as editor, and after completing three years in this capacity, resigned. He was succeeded by John Urban, who had been his close associate for more than two years.

The paper this year was more a journal by students and for students than ever before. The large staff, usually composed of about fifteen members, was truly representative of school spirit at Kent. Doris Cavanaugh, society editor, Harold Jones, news editor, Joe Kelly, sports editor in the spring quarter, and Kaye Waite deserve special mention in this field, as does Katherine Schwartz. All worked hard to improve the Stater.

Prof. E. T. Griebling, the new faculty advisor, proved invaluable with his timely advice and help. New equipment, including a cabinet and telephone, are marks of the progress which is being made.
Physical Education Club

The Physical Education Club is not a new organization at Kent. It was started some three or four years ago, but was not particularly active until the last year.

It consists of Physical Education students and two faculty advisors, one man and one woman. The officers for the past year were: President, Wm. Searl; Vice-President, Carroll Crombie; Secretary-Treasurer, Catherine Conroy. Faculty Advisors were Mr. Altman and Mrs. Apple.

During the past year several very interesting meetings have been held. Each quarter the Club tries to hold two meetings, one for business and one for pleasure and discussion of interesting topics of the day in physical education.

Last fall a meeting was held at the Franklin Hotel. At this affair the Alumni physical educationers and Dr. D. Oberteuffer, State Director of Health and Physical Education were guests speakers.

In the winter quarter a combination business and pleasure meeting was held at Mrs. M. Apple's home. Several important topics were discussed at this time, after which the girls and Mrs. Apple fed the gang on sandwiches and coffee.

The activity of the club in the spring quarter consisted of a business meeting at the school, followed by a wiener roast in the college woods.
W. A. A.

Officers: President, Lucille Hendricks; Vice-president, Dorothy Wolfe; Secretary, Carrie Combie; Treasurer, Dorothy Stadler; Faculty Advisor, Marie Apple.

The Kent branch of the National Women's Athletic Association was organized in May, 1928, for the purpose of furthering the national motto, "Play for Play's Sake," and to develop an interest in women's intra-mural sports at Kent State.

The organization made its grand opening of the year in the fall term with a picnic to which all the women of the college were invited. The event was held in the college woods, and about three hundred were present.

An interesting and varied program was presented to the members of the group throughout the year. Activities typical of the season were ardently participated in, in addition to which other events were given. There were four dancing clubs, and one swimming club.

Several important all-college functions were held under the auspices of the organization. A swimming meet, a play night, a track meet and a gym meet were some of the more important events. A circus held in the gym provided entertainment of a new type.

At the present time plans are being made for an intercollegiate play day, to which ten colleges are being invited. It is hoped that representatives from neighboring institutions will come here to help make the project a success. Nothing of the kind has ever been done at Kent before, and therefore the event will be watched with interest.
The Kindergarten-Primary Club

The Kindergarten-Primary Club is composed of girls who are majoring in Kindergarten-Primary work. The local club is affiliated with the International Kindergarten Union. The Kindergarten-Primary Club was organized in February, of 1929, and in the Spring of that year sent two delegates to Buffalo, N. Y. to the Convention of the I. K. U. These delegates were Miss Katherine Evans, who was the first president of the Club, and Miss Dorothy Ott.

The Kindergarten-Primary Club is primarily interested in promoting the best interests of small children, and in making a study of their characteristics and needs.

The officers are: President, Katherine Evans; Vice President, Jean Leavenworth, also acting president in Miss Evans' absence; Margaret Carroll, recording secretary; and Elizabeth Ludt, treasurer.
"The Adoration of the King", a pageant was presented by the Girls of Lowry Hall, December 15, 1929. It was under the supervision and Dean Verder; Mrs. Elizabeth Zellers directing the chorus which sang during the play. The cast was directed by Lois Burger. Marie Johnson had charge of the properties. It is planned to make this a yearly event. The Cast consisted of:

Geneva Byers, Reader; Betty Dutro, Joseph; Cora Ridgeway, Mary; Winifred Butler, Ruth Buehler, Lena Hiedelberg—Kings; Daisy Armitage, Ruth Stevens, Rose Marinelli—Pages; Evelyn Conkle, Madeline Reets, Mildred Keeney, Martha Anderson—Shepherds.

Angels—Marie Johnson, Leona Woofter, Kathryn Keyser, Ann Schroeder, Blanche Hillman, Ruby Smeltz, Katherine Walker, Violet Fisher, Antoinette Vetrano, Margaret Schmid, Elizabeth Freeman, Marion Hodges, Catherine Cummings and Virginia Paisley.
The Women's Chorus is open to anyone who is interested and can sing. This group together with members from the Mixed Chorus sang a Christmas Cantata during the Christmas season and furnished special numbers for the pageant staged by the Department of Physical Education in April. The Mixed Chorus had its beginning in the latter half of the fall term when the Men's Chorus combined with a picked group from the Women's Chorus. The membership ranges from thirty to forty members, as the personnel changes from quarter to quarter.

This group of students appeared on assembly programs throughout the year and in May took part in the production of Coleridge Taylor's "Hiawatha's Wedding Feast" by Kent Festival Chorus.

The above picture is the Mixed Chorus for the winter quarter.
In the fall of nineteen hundred twenty-nine a group of men met one evening in the corrective gym in Science Hall and founded the "Independents of Kent State." These men choose as their aim the betterment of the physical and social life of the men of Kent State who were not affiliated with other fraternal organizations on the campus. As an organization, they believed that they would be better able to cooperate with the school, faculty, and other organizations in things pertaining to school life and the betterment of Kent State.

The members are at perfect liberty to come and go as they choose. The affairs of the organization are managed so as to make the burden as light as possible upon the supporters. Although this organization is as yet in its infancy, its future appears most promising.
Double Quartette

This, the Kent State Double Quartet, was organized in the Winter Terms of 1930. Its purpose is to represent the College by furnishing music for engagements in and about the City where a larger group would be unsuitable. The Music Department has co-operated and the group has filled several engagements. The members of the Group are Marion Knecht, Mary Maude Lossee, Martha Maier, Elizabeth Scharon, Arthur Tumpach, M. E. Blauch, Merle Leggett, Arthur Steere.

Director—Dwight Steere.
"Lo, the Poor Indian!"

This number of the Chestnut Burr gives a few touches of Indian life. Of course there are enough general reasons to justify this, but the special reason is that our school is located on an old Indian path. This path came across the river at Standing Rock, and came up across the campus nearly where the front driveway is, and continued on through where the Administration building now is, the heating plant also, and then on back through the school farm. Some marks of it may still be seen back in the woods and through the farm. This path and the arrow-heads picked up occasionally are the only evidences of this primitive life left to us.

SOPHOMORES—Horace Burklew, Fred Drew, Anthony Ross, William Sprague, Roy Robinson, Marion Hunter.

FACULTY MEMBERS—Dr. A. W. Stewart, Dr. A. O. DeWeese.
Delta Phi Sigma

Delta Phi Sigma is the first local fraternity on the campus to own its home. The house, located at 262 Columbus street, is near the campus, and amply suited to the needs of the fraternity.
The Delta Phi Sigma fraternity was founded at Kent State March 19, 1924, and in the six years since its founding it has grown from a small group of thirteen men to one of the largest and finest organizations on the campus, with a membership of nearly a hundred.

The fraternity went into its first home in 1926, the house being located on Summit street. In 1929 a house on DePeyster street was leased, while on January first, 1930, the location was changed to the home which it now owns.

The Delta Phi Sigma house is comfortably furnished, and is always open to all visitors with the typical cordial hospitality which characterizes the fraternity.

Patron and Patroness—Mr. and Mrs. Emmet Stopher.

Alpha Beta Chapter of Sigma Sigma Sigma Sorority is the oldest sorority chapter at Kent State, having been installed November 5, 6, 7, 1925. It has already been directly responsible for two alumnae chapters, at Kent and at Youngstown.

1929-1930 started with twelve active members, adding one during the winter when an old member returned to school. Three rush parties were given during the year. The first was an Indian party, a direct result of the reports of Ruth Geib, representative at the National Convention held during the summer at Santa Fe, New Mexico. It was given in October. The second rush party was a kid party held at the Elgin home as the birthday party of the chapter. The third one, also at the Elgin home, was an all-around-the-year party held in January. Thirteen girls were pledged throughout the year, thus doubling the chapter. January 18th, the pledges entertained the actives with a theatre party in Akron, and a supper afterwards in Kaase's private dining room.

Patrons and Patronesses—Mr. and Mrs. Roy Donaghy, Dr. and Mrs. S. A. Brown.

On October 16, 1924, six girls headed by Miss Foote, organized a Greek-letter society, choosing as its name Alpha Kappa Phi.

It was mainly through the efforts of Miss Foote and Dean Verder that on January 13th, 1925, the college officials recognized Alpha Kappa Phi and permitted it to be represented in the annual. Thus Kent State's first Greek-letter society came into existence.

During the summer of 1925 National Educational Sororities were allowed to enter Kent State. Early in the fall of that year Miss Verder recommended Alpha Kappa Phi to the Delta Sigma Epsilon National Sorority. On October 13th we petitioned national with this sorority and on February 13th, 1926 eighteen girls became charter members and six became pledges of Tau Chapter, Delta Sigma Epsilon.

We now total seventy-three members.

The Eta Chapter of the Alpha Sigma Tau sorority has for the past school year maintained its ideals and upheld its standards well.

At the beginning of the year there were eight active members. At the close of the fall rushing season nineteen girls were pledged to the sorority.

Initiation was held on March first and second: Informal at Beckwith's Cabin, formal at the home of Mr. and Mrs. Manchester. Seventeen girls, including Miss Robertson, the faculty advisor, became members. At this time three pledges were taken in.

The sorority gave three rush parties during the year. On February 27th the pledges entertained the actives with a night club party at the Robinhood Inn. An All-Greek-Letter Balloon Dance was sponsored by the Alpha Sigma Tau Sorority and the Sigma Tau Gamma Fraternity on April 11th.

Phi Epsilon Sorority has had many events during the past year, among which have been the Snowball Dance held at Moulton Hall February 7th, and the formal pledging in November with a dinner at the Robinhood. Formal initiation is planned to be held the first week in May at Motor Inn, Hudson, Ohio. The formal Dinner Dance was held in the Rainbow Room of the Hotel Statler at Cleveland the second week in May. Decorations were of futuristic design in black and silver. Phi Epsilon Alumnae gave a dance in Youngstown for the active chapter in April.

Phi Epsilon has three alumnae chapters, in Cleveland, Youngstown, and Steubenville. These are all quite active.
Coach Merle E. Wagoner

Five years of service! May we return after another five years and find Coach Wagoner still on the job. During those hard years of fighting to obtain the place for Old Kent State which we all desire her to fill, Coach Wagoner has accomplished wonders.

No longer do other colleges who have traditions and reputations ask "Where and what is Kent State?" No! Due to Coach Wagoner's great efforts many schools with enviable records are thinking twice before deciding to take a chance and schedule Old Kent State.

And to Coach Wagoner goes the lion's share of the glory, who, from each disappointment, becomes more determined to conquer. At last Coach Wagoner has been able to have Old Kent admitted to the Ohio Conference, and State has made a fine showing in her debut. The sincere wish of this class of 1930 is that Coach Wagoner will be able to secure the necessary supplies and equipment so that he can place Kent high among the leaders.
Coach Wagoner and Old Kent State have been very fortunate to secure such a popular and capable assistant coach as Joe who hails from Ohio U., one of Kent's rivals.

While attending Ohio U., Begala certainly made an outstanding record. He secured his A. B. degree in '29. While at Ohio U. Joe won three letters in football and was named All-Buckeye guard in '28. He was also state heavyweight champion in '27 and '28 and state champion of the 165 lb. class in '29. In '28 and '29 Joe was captain of Ohio U's wrestling squad.

But Joe is not only accomplished in athletics. He wears the Torch Pin, a much coveted award of Ohio University for all-around scholastic ability.

Begala has proven himself no mean coach in this his first year at coaching. The class of '30 sure wishes him many long years of success.

**Spring Football Practice 1930**
Are we discouraged? Never! While this season’s showing was far from impressive, we get much consolation from the fact that the men who carried Kent’s colors this season were getting much valuable experience. It is the history of every college with a small enrollment of men that some years are “building years.” And that is what last season was for Kent. Practically the entire team will be back next year to open Kent’s first season of Ohio Conference football and we know that Old Kent will finish near the top.

But, despite the fact that Kent won only one game during the entire season, we find much consolation in looking over the record. Kent had a very heavy schedule to fulfill and only played two games at home and neither of these were played on Rockwell Field.

Akron U, Oberlin, John Carrol, and Heidelberg always are among the strongest in the state and all of them knew they had played a fighting team when the whistle ended the games between them and Old Kent. None found Old Kent to be the week of rest they had picked the season before on their schedule and their seconds got the vacation instead of their varsities.
In the next to the last game of the season Kent met the strong undefeated Baldwin Wallace team. This great team Kent held to an 18 to 0 score and on two occasions Old Kent seriously threatened to score.

The most heart breaking game of the season was probably the game played at Akron. Akron U won the game 25 to 0. Kent wanted badly to beat Akron as the season before Akron had won on breaks while Kent made sixteen first downs to Akron’s three. But we are a bunch of optimists and firmly believe that the boys of the Rubber City are due for a trimming in the Fall.

For this year Kent is taking a great stride forward to strengthen her football. This spring, spring football was inaugurated at Kent State. Practically all good teams have realized the benefit of drilling the squad in the fundamentals of football in the spring.

A very good showing of men turned out for this spring practice despite the fact of competition of track and baseball; together with football these sports have attracted nearly every available man of the small number enrolled. Another year or two and this problem will be only history for Kent.

A very regrettable feature of football at Kent State is nearly all games are played away from home. For the second consecutive year only two football games have been played in Kent by the team. This places a great burden on the team because the games are played on strange territory which makes it more difficult to have a winning season.
James Hagerdon, End  
Jake Searl, Quarterback  
James Mennow, Halfback  
Frank Fanelli, Guard  
Ted Sapp, Tackle  

These games must be played away from home, due mainly, to the lack of a suitable playing field. This condition is one that should be remedied at once for the benefit of the entire school. The team misses the support of the student body when playing in foreign territory and the student body misses the enjoyment of the fine brand of football displayed by Kent’s team.

The whole school is anxiously looking forward to the time when Kent will be able to erect her own stadium and thus enable the students and faculty to enjoy more games of the splendid type Old Kent puts up.

Harland Sickman,  
Mgr.
Basketball

At last!! We have all longed to see Old Kent a member of the Ohio Conference. And that greatly desired condition was brought into actual existence with the opening of the basketball season.

Hiram was the first Conference victim of Old Kent, followed shortly by Kenyon and Marietta. Conference games were lost to Kenyon, Akron U., and Mt. Union. Mount Union defeated our boys twice in hard fought, thrilling battles. Three games were won and four lost in the Conference for a percentage of .428. A splendid record and one to be proud of for our first season of Ohio Conference competition.

The season’s record was not as good as in as some former years however, as, being on probation, no freshmen were allowed to play. But we may well look forward to next year with greater elation when our present freshmen become eligible for the Varsity because many and many a time did the freshmen drub the Varsity in practice games.

Perhaps no more fitting compliment could be paid to Kent State than the following article clipped from the Marietta Times, written by a Marietta sports writer:

"The 35 to 26 defeat sustained at the hands of Kent State on Saturday night was no discredit to the Pioneer team.

It was defeated by a better basketball team in a cleanly played, hard fought out game that wasn't decided until the final moments of the game when four baskets in rapid succession piled up Kent State's winning margin and decided the game in favor of the upstate aggregation.

Kent had a mighty fine team led by Lou Hall, gigantic center who towered six feet four inches high, weighed near the 200 pound mark and made Bill Longsworth, Marietta center, seem puny by comparison. At three different times during the game Kent had five men on the floor, all of whom towered six feet or better.

And how these lanky boys did speed it up. They played real basketball, they played it clean, they won fairly and squarely and there was no bitter after-taste for the Pioneers in losing to an aggregation such as that of Coach Wagoner.

The entire atmosphere was different than at Cleveland. The Mariettans got a hand when they came on the floor and another when they left. If they made a good play the crowd applauded it just as they applauded those of the home team.

While it is never a pleasure to lose a game, the loss to Kent was certainly far from a bitter one to the Pioneers."

Page one hundred fifty-one
Old Kent State enjoyed a very good baseball season under the tutelage of Coach Wagoner. Kent especially rejoiced over two shut-out victories over Hiram and Baldwin-Wallace.

Kent derived great satisfaction also by taking two games from her old rival, Akron U. But the greatest game of the season was one played on our own Rockwell Field. Western Reserve finally won the game 2 to 1 after fourteen innings of exceptionally fine baseball.

Kent has always put up a fine brand of baseball and the sincere wish of the class of '30 is that Old Kent will always be as successful in the future.

Front Row: Seacrist, 125 lb.; Arnett, Capt, 115 lb.; Stratton, 135 lb.; Polen, 125 lb.

Back Row: Coach Begala, Stejskal, 175 lb.; Slater, 165 lb.; Mennow, 145 lb.

Wrestling

Since Kent State took up wrestling three years ago she has been making great records which this year culminated in the winning of two state championships, "Art" Stejikal winning the 175 lb. championship and Cap. "Elrie" Arnette the 115 lb. championship.

Kent was very fortunate this year to secure as wrestling coach, Joe Begala, of Ohio U., who himself held state championships for three years. In '27 and '28 Joe held the heavyweight championship and in '29 was the 165 lb. champ.

Coach Begala was handicapped greatly this year by lack of material and those who made the Varsity were also handicapped and prevented from reaching their best development by lack of competition to practice on. But from the great showing made by this years team we know that many candidates will be fighting for positions next year and the handicap will be removed.

Kent stepped into "big time" competition this year and took on the Ohio State "B" squad and the Purdue Varsity. In the Ohio State match, Kelley, a freshman, threw his heavyweight opponent in short order. But the match only counted as a forfeit by Kent because Kelley was not eligible for Varsity competition.

The Purdue match was the first athletic relationship Kent ever had with a Western Conference team and the whole school was very proud of the team. Purdue only threw two of our grapplers and two Kent men won over their opponents on time.

The class of '30 congratulates Coach Begala and every member of the team for their splendid record.
It was surely a great day for Kent State when Stejskal decided to try out for the wrestling team. Since, he has participated in ten bouts in all and has only been thrown once. Art won four of his bouts by falls and two on time for a total of six wins. He lost his first bout in the National Tournament by the time of only 1:23.

**Elrie Arnette, State Champion, 115 lb. Class**

Scrappy little Elrie Arnette was captain of this year’s wrestling team. He has participated in wrestling three years and has only lost four matches. Like Art he lost by time advantage in the National Tournament.

Elrie has always been a scrapper and once in high school even tried to beat up his teacher. In his bouts he has always carried the fight to the other man. If you want to see Elrie move quickly just say, "Rassle."

State Championship held at Western Reserve - Kent, 4th place.
The men's intramural sports for the year were opened under a different arrangement than that of the preceding year. Prof. Altmann who was in charge decided that more interest would result if divisions were made by fraternities instead of class groups. Those competing were Sigma Tau Gamma, Kappa Mu Kappa, and Delta Phi Sigma fraternities and the Independents, an organization of all non-fraternity men.

Each group chose a representative to cooperate with Prof. Altmann in planning and carrying out the years work. The committee sure planned an interesting and varied program of sports. Practically all sports were included but a marble shooting contest.

The great variety of events gave every man a chance to find at least one in which he could participate.
The program was opened in the fall by a two mile road race which was won by Dan Stratton, of Sigma Tau Gamma. Strawman of the Independents finished a close second.

The next event was horse shoe pitching. Each organization had entries in the singles and doubles. The outstanding tosser was Bill Sprague of Sigma Tau Gamma who did not lose a game all season.

Then came two rounds of volley ball and two rounds of basketball. At this time the Kappa Mu Kappas displaced the Sigma Tau Gammas as point leaders. The Kappa Mu Kappas finished the six basketball games of the season without a defeat. The Delta Phi Sigmas placed second, winning three and losing three.

Meantime the Kappa Mu Kappa Volleyball team was also piling up points. They finished first again with five games won and one lost. The Delta Phi Sigmas again finished in second place with four wins and three losses.
The indoor gym meet contained the following events: 40 yard dash, mile run, horizontal bar, standing broad jump, parallel bars, side horse, rope climbing, tumbling, and shuttle relay. Delta Phi Sigma won with 32 points, 18 of which were collected by Warnes. The Independents took second place with 21 points.

Kappa Mu Kappa won the swimming meet with 49 points while Delta Phi Sigma placed second with 45 points. Edmiston, of the Delta Phi Sigmas brought the crowd of over 300 to its feet by swimming 163 feet in the under-water swim. Seiss, K. M. K., gathered 19 points for his team while Hildebrant, a fraternity brother, gained another 16 points.

At the present time a tennis contest and an indoor-outdoor baseball contest are in progress and will extend a number of weeks. An outdoor track meet is planned for the latter part of May to conclude the year's events.

The records show Delta Phi Sigma leading with 18½ points, Kappa Mu Kappa, second with 18 points, Independents, third with 16 points, while Sigma Tau Gamma has 12 points.

So the season is drawing to an apparently successful close with any group still having a chance to win the cup. The intramural trophy will make a fine display in whose home?

\[N\]

**Intramural Wrestling**

Coach Begala, in an effort to obtain more opposition for the Varsity, announced that he would hold an intramural wrestling meet and award the winning fraternity with a cup.

Fraternity representatives practiced with the Varsity every day and did much to strengthen the team. Two nights were spent in the elimination intra-mural bouts.

The Delta Phi Sigma fraternity won the meet with 39 points while Kappa Mu Kappa took second with 24 points. Delta Phi Sigma captured six of the eight first place wins. Those scoring first place wins were Edmiston (115), Delta Phi Sigma; Adamson (125), Delta Phi Sigma; Kite (135), Delta Phi Sigma; L. Kilbourne (145), Delta Phi Sigma; Hagerdon (155), Kappa Mu Kappa; Hayes (165), Delta Phi Sigma; B. Kelso (175), Delta Phi Sigma; Knapic (heavyweight), Independents.

This was the first meet of its kind in intra-mural activities but it provided plenty of lively competition between the various groups. It also uncovered some promising wrestling material. In all probability it will be presented again next year with the same trophy being presented to the winner. Three championships means the permanent possession of the cup to the winners.

Page one hundred fifty-eight
The Kent branch of the National Women's Athletic Association was organized in May, 1928, for the purpose of furthering the national motto, "Play for Play's Sake", and to develop an interest in Women's Intramural sports at Kent State.

The Association is now in its second year of activity at Kent State. Every girl in the school is eligible to join but before she can do so she must earn fifty points in competitive sports sponsored by the W. A. A.

For the furtherance of interest all the girls are divided into two great rival teams, the Yanks and the Rebels. On this basis all girls can earn points for themselves and their teams.

An interesting and varied program was presented to the members of the groups during the year. Sports in which points could be won included basketball, volley-ball, paddle tennis, handball, clogging, archery, tennis, swimming, track meets, and other sports.
Several important all-college functions were held under the auspices of the organization. A swimming meet, a play night, a track meet and a gym meet were some of the more important events. A circus held in the gym provided entertainment of a newer type. The social dancing held every Tuesday night throughout the year was certainly not the least important event.

The Women’s Athletic Association with the co-operation of the physical education major students held a play day at Kent State in which 180 high school girls of the county enjoyed the day as guests.

The W. A. A. makes its grand opening of the year by holding a picnic in the fall to which all women of the college are invited. The event is held in the college woods and hundreds of girls enjoy the good time. The splendid friendly spirit thus engendered is carried into the competitive sports throughout the year.

At the present time plans are being made for next years program and many new events will be added to those now on the program. The W. A. A. is surely doing their bit to make our enjoyable college life more enjoyable.
Gala Day Held At Kent State

A play day was held at Kent this spring by the W. A. A. Over 180 girls representing 18 Portage county high schools enjoyed themselves under the supervision of Helen Blake, Portage county supervisor of physical education, and a graduate of Kent State. She was assisted by Mrs. Marie Apple, Prof. George Altman, the W. A. A. and the physical education major students.

Registration of the girls commenced at 10:00 o'clock and the rest of the day was spent in various activities. The girls were divided into nine groups and each group assigned a certain color to designate their respective teams. This division of girls into "color" teams was made to avoid any inter-class, or inter-scholastic competition.

The various events on the program included Marching, Virginia Reel, team games, apparatus work, relay races, stunts and cage ball. Competition ran high throughout the day and the girls thoroughly enjoyed themselves.
An hour and a half was taken off from 12 to 1:30 o'clock as a rest period and a general get-together. During this time the girls also enjoyed themselves in the Lowry hall dining room where they were luncheon guests.

Of course all groups tried hard to win but victory could only fall to the lot of one. The "Yellows" was the team which turned in the best score for the days events. A check-up showed that girls from twelve different high schools were represented in the group. Mantua Center, Rootstown, Windham, Randolph, Brimfield, Paris, Ravenna Township, Garrettsville, Hiram, Suffield, Mantua Village, and Deerfield were represented by the "Yellows."

This was the first play-day ever held at Kent and it should not be the last. Officials and girls alike proclaimed the day a great success. It is these little intimate contacts with Kent State which create the desire in high school students to later become affiliated with the student body of Old Kent State.
The Tournaments

A truly progressive step was taken this year which boosted the college when Kent State acted as host for the Portage County; the Stark, Portage, Summit, and Geauga county, district; and the North-eastern Ohio sectional basketball tournaments. The tournaments were held under the supervision of Coach Wagoner.

Hundreds of fine young athletes displayed their best ability and thousands of their schoolmates, friends, and fond parents writhed on their seats unable to aid their gallant representatives. Good, wholesome competitive spirit ran high and our only regret is that all could not win.

Many Kent-coached teams were here as representatives of their districts. After three weeks of hectic tournament play, Fitch and Brush finally eliminated all rivals and were sent as representatives of Northeastern Ohio to participate in the state finals at Columbus. They were both fine teams and we at Kent could hardly believe our ears when we heard that both teams had themselves been eliminated at Columbus.

Being host to these tournaments enabled Old Kent to receive a great boost. Young athletes were greatly impressed with the facilities and opportunity that Kent State offers them in athletics during their college careers. And no less was the fact that Kent offers equally as great academic opportunities impressed upon the future scholars who followed their team to victory or defeat.

The students of the college made every effort to make the visitors feel at home and all seemed like one huge family. The whole college is looking forward to the time when her regular enrollment will equal in number and spirit with that which filled her halls during the tournament sessions.
Mrs. Ruth Jenkins Bardon, Diploma '11, is Advertising Copywriter, Lord and Taylor, New York City.

Mr. Charles Baktheilm, B.S. in Education '22, is Superintendent of the Tuscarawas County Schools; he lives in New Philadelphia.

Mr. James B. Beck, B.S. in Education '23, is Assistant Professor of Geography in Kent State College.

Mrs. Helen Jacob Buhl, B.S. in Education '20, is teaching in Manila, Philippine Islands.

Mrs. Mary Salmon Bolton, B.S. in Education '26, is teaching in the Victor Valley Union High School, Victorville, California.

Mr. William W. Brown, Diploma '17, is Auditor of the American Press Association, New York City.

Mr. E. E. Buell, B.S. in Education '22, is Principal of the Hawthorne Junior High School, Lorain, Ohio.

Mr. Edward Everett Burcan, B.S. in Education '11, is Pastor of the First United Brethren Church, Sidney, Ohio.

Mrs. H. Kenneth Carpenter, Diploma '15, is Manager of Radio Station WPTF, Raleigh, North Carolina.

Mr. George F. Creamer, B.S. in Education '24, is Principal of Lowell and Lincoln Schools, Lorain, Ohio.

Mr. George Damann, B.S. in Education '26, is an instructor in Kent State Training School.

Mrs. Ruth Damon, B.S. in Education '21, is in the Department of Reading of Wellesley College, Wellesley, Massachusetts.

Mr. Robert B. Ferris, B.S. in Education '19, is Principal of the Whittier Junior High School, Lorain, Ohio.

Miss Mona Fletcher, B.S. in Education '21, is Assistant Professor of History in Kent State College.

Mr. Robert M. Fosnight, B.S. in Education '27, is Superintendent of Schools in Sterling, Ohio.

Miss Ina Gamersfelder, Diploma '17, is a Missionary in Tokyo, Japan.

Miss Amy Herriott, B.S. in Education '15, is Librarian and Study Hall Teacher in Kent State Training School.

Miss Laura E. Hill, B.S. in Education '25, is Supervisor of Grades 1-6, in the Public Schools of Rumson, New Jersey.

Miss Ada Hyatt, B.S. in Education '24, is Assistant Professor of English in Kent State College.

Mr. Leo X. Johnston, B.S. in Education '24, is Superintendent of the Columbiana Co. Schools; he lives at Lisbon, Ohio.

Mr. Otto J. Korb, B.S. in Education '18, is Superintendent of South Euclid and Lindhurst Schools in Cleveland, Ohio.

Mr. Ira L. Landes, B.S. in Education '18, is Superintendent of Schools in New London, O.

Mr. Cloyce L. Landis, B.S. in Education '16, is Superintendent of Schools in Willard, Ohio.

Mr. Alfred Hall Meese, B.S. in Education '16, is Superintendent of the North Jersey Training School in Little Falls, New Jersey.

Mr. J. N. Mowley, B.S. in Education '24, is Superintendent of Schools in Bellevue, Penn.

Mrs. Edith M. Olson, B.S. in Education '23, is an Instructor in Kent State Training School.

Mr. Russell Packard, '23, Instructor in High School Education, Illinois State Normal University, Normal, III.

Mr. Dwight Packard, '23, Instructor in English Northwestern University, Evanston, III.

Mr. Paul Packard, '24, Assistant Editor By-stander Magazine. Cleveland, Ohio.

Mrs. Edna Ely Pinkard, Diploma '11, is teaching in a Rural School near Fort Apache, Arizona.

Miss Pearl J. Phillips, B.S. in Education '29, is an Instructor in Kent State Training School.

Mr. Charles Rauch, B.S. in Education '21, is Superintendent of Schools in Jefferson, Ohio.

Mr. Chester E. Satterfield, B.S. in Education '24, is Assistant Professor of English in Kent State College.

Mrs. Tessa Burrell Scarlett, Diploma '15, is Teaching in Safford, Arizona.

Mrs. Carle Gamersfelder, Diploma '14, is Hall Mother in Spelman College at Atlanta, Georgia.

Mr. James Harvey Tucker, B.S. in Education '23, is teaching in West High School, Akron, O.

Mr. Leo A. Welsh, Diploma '15, is Master of Steamships Oceans, at Houston, Texas.

Mr. Fred Zappolo, B.S. in Education '25, is Director of the Central Bureau of Homeless Men, Cleveland, Ohio.

Mr. John Henry Ziegler, B.S. in Education '26, is Principal of Manila South High School, Manila, Philippine Islands.

Miss Alma Zinninger, B.S. in Education '27, teaches in Canton, Ohio, and is Secretary of the Board of Trustees of Kent State College.

Miss Laura Marie Wegman, '23, Instructor in Geography, State Normal School, Cortland, N. York.
A smile or two won't hurt you, and if you do regret
The insults cast upon your name, kindly remember
That some day you may have to make one of these
Things and then you will appreciate your position
And the rare privilege which you have. Ah yes.
Rudy Vallee came from the Connecticut valleys.

Did you ever stop to think what might have happened to American History if the British soldiers at Bunker Hill had had bloodshot eyes?

A parasite is a person who goes through a revolving door without pushing. No Poosh.

Judge: "How far were you from the spot where the accident occurred?"
Witness: "Exactly eighteen feet and seven inches."
Judge: "How did you know it was just that distance?"
Witness: "I measured it because I thought some darn fool might ask me."

A certain student on the campus owes his life to his cigarette lighter. It seems he tried to see how much gas he had by means of its light.

"The Whiskey you are drinking came directly from Scotland. Need I add more?"
"Well, any time you say."

Page one hundred seventy
THE CANARY REVOLTS

"Well, here comes the fat headed boss of mine. I'd better get set for some drool. Hey, don't get so damned close to my cage! My Gawd what a breath. Been out on another bender I guess. Naw I won't tweet-tweet for you. What do you think I am? An orthophonic? Yes, I know I'm a cute little cuss but better people than you have told me that. Keep your finger out of here. There, that will hold you for a while. I can pick harder than that, too. Haw, Haw! Hear him cuss. I hope your wife hears you. Thank Heavens you’re leaving. You give me a pain in the beak.

Now! Here comes that damned tomcat. I wish he'd get a bone cross-wise in his throat. Purr, you cock-eyed old alley singer. Try and get in. Hey, for the love of little chickens, somebody take that crazy fool off my cage. He'll tear it down. Ah the maid to the rescue. Whack him one for me, too.

Guess I'll eat a little of this gravel. Where they get the idea I like this stuff is beyond me. They must think I am a concrete mixer. I've had the stomach-ache for the last month. And the amount of water they give me. I have to go into contortions to wet the end of my beak.

Well, the sun is beginning to come in through this window. Guess I'll put up a big holler for some one to come and clean out this dump. I got to get some rest. The old lady is giving a bridge party this afternoon and I'm supposed to warble my head off. I'll be a wreck tomorrow. If only some of those old hens knew what I was calling them they'd put me under a blanket.

Well, here comes the maid over to the cage. Guess I'll make a couple of passes..."
at her. Squeal, you kitchen scullion. That's what you get for leaving me without any grub the other day. Ah, come on and do your stuff. What, so you think I am an American Eagle? Wish to hell I was. I'd make life miserable for that tomcat. Suppose I'd better pile up in a corner and get a couple winks. Tweet-tweet.

A certain woman's debating team, we understand, recently announced when they appeared to debate, that they had changed their minds and would debate the negative and not the affirmative as had been planned.

We hear that Prof. Davey has perfected his lighter to a degree where he can light it with one match.

Ever noticed how hard it is for this school to get any favorable publicity? And—have you ever noticed how easy it is to have any choice bits of scandal spread about us? Great institutions, these newspapers.

Before you get in a huff and decide to kill ye poor editor, kindly remember that any remarks concerning you were contributed by your fraternity brother or your sorority sister, or both.
COUNCIL

Beyond the least shadow of a doubt, the most powerful and vital force behind intramural activities at Kent, is the intramural Council. Meeting once a week, this group, made up of one representative from each organization, wields a gigantic bludgeon over the heads of the men of KSC. Yes, Elmer, it even has the director of sports in its control. What it says goes -- for naught.

God Bless College Humor, look what it has given us. Without it we could have no jokes in this annual. With it the situation is unaltered -- I fear.

Statistics show that if all the cigaret packages which are discarded daily in the Men's Union room were piled end on end, the floor would be clean.

We love to see students hurrying to their classes and from assembly.

There were seventeen entirely different methods used to crash the gate at the local basketball tournaments last spring. They ranged all the way from kidding the ticket taker into submission to sleeping under the bleachers all night. Of course you won't believe this. Well, that's why we dare to write it.
Experts estimate that just about now at least 50,000 American tourists are passing through the country on their way from Canada to Cuba.

Marian: "Gee Phil, the candy in that window makes my mouth water."
Phil: "Well here's a blotter."

Hazel: "Your smoke rings aren't quite round tonight dear."
Sabin: "Oh, that's easily explained, I'm smoking English Ovals."

The general idea of football games at Kent seem to be:
1. That the refs are always paid by the other side.
2. All the breaks are against our dear alma mater.
3. The games aren't what they used to be in '22, etc.
4. The team that wins will make the better citizens.

Miss Fletcher: "For what do we remember Francis Scott Key?"
Hunter: "He knew all four verses of the Star Spangled Banner."
Various Heights at KSC:

Height of Self-confidence: John Urban.
Height of Sex Appeal: Ed Strawman.
Height of Authority: Prof. Altmann.
Height of Importance: The Janitors.
Height of Dignity: Leo Lower.
Height of Oratory: Prof. Olson.
Height of Ambition: Elery Arnett.
Height of Position: Lou Hall.

Dean Verder: "So you don't like Cuba."
Dean Manchester: "Naw, I went into a restaurant and the waiter couldn't speak English. I wanted a glass of milk so I drew a picture of a cow. The darn fool went out and got me two tickets to a bull fight."
Dean V.: "Serves you right for ordering milk in Cuba."

Jones: "What news? What news?"
Juror: We find the defendant not guilty of murder.
Jones: "Dammit. No noose."

TO A PENCIL

I know not where thou art.
I only know
That thou wert on my desk,
Beautiful and contented
A moment ago.
And as I turned my head
To view the clock,
Some heartless wretch,
Went west with thee.
I know not who he was
Nor shall I ask.
Perchance
It may have been
The guy I stole it from.

"Come on, give me a kiss."
"No. I have scruples."
"That's all right. I had them twice."

Walking the plank was really the first blindfold test.
Head lines in the Akron Beacon Journal:
"AKRON U MATMEN DEFEAT WEST HIGH GRAPPLERS AFTER BATTLE"

Lou: "I'm going to be a surgeon."
Leo: "Not for me. Too much inside work."

Dot: "Three hairnets please."
Clerk: "What strength?"
Dot: "Three dances and an auto ride."

Dan Stratton marched his prospective bride up before the justice of the peace. Everything went fine until the justice discovered that the young lady was only seventeen years old. "I can't marry you young people until I have the consent of this young lady's father," said the squire.
"Consent", yelled Dan, "Say, who do you think that old bird with the rifle there is, Daniel Boone?"

The jackass he are a lovely bird,
He hair are long and thick,
He are mostly ears and head,
But a lot of he are kick.

Merrill Mills says his idea of a man going down in defeat is some poor cuss with fallen arches.

Sign in a local cemetery:
"Persons are prohibited from picking flowers from any but their own graves."
Calendar
September 1929 to June 1930

FALL QUARTER — 1929

Friday, September 27th—Freshmen Registration.
Friday, September 27th—1 P. M.—Entrance Tests.
Saturday, September 28th—Football - Kent State at Oberlin.
Monday, September 30th—Freshmen Classes Meet. Registration Day for Upper Classmen.
Tuesday, October 1st—All Classes Meet. College Assembly, Auditorium - Lecture, Dr. Engleman.
Wednesday, October 2nd—Y. W. C. A. Picnic - College Woods.
Friday, October 4th—Faculty Women's Club, Dinner and Meeting.
Saturday, October 5th—Open House, Moulton Hall. Football, Akron University, Kent State at Akron.
Tuesday, October 8th—College Assembly, Auditorium.
Wednesday, October 9th—Y. W. C. A. - Room 312, Merrill Hall.
Thursday, October 10th—Women's League, Big and Little Sister Tea, Moulton Hall.
Friday, October 11th—Women's League and Men's Union Meetings.
Saturday, October 12th—Heidelberg College and Kent State at Tiffin.
Tuesday, October 15th—College Assembly, Lecture - Professor Peare, "The Meaning of College Life.”
Wednesday, October 16—Y. W. C. A. - Room 312, Merrill Hall.
Thursday, October 17th—Alpha Sigma Tau, Rush Party, Elks Temple.
Friday, October 18th—Delta Sigma Epsilon, Bridge Party, Moulton Hall.
Saturday, October 19th—Phi Epsilon Circus Rush Party, Off Campus Club Room. Football - Kenyon and Kent State at Gambier.
Tuesday, October 22nd—College Assembly, Auditorium. Pi Delta Theta Rush Party - Off Campus Women's Club Room. Social Dancing, Wills Gymnasium.
Wednesday, October 23rd—Y. W. C. A., Room 312, Merrill Hall. Shark Swimming Club - Pool. Freshman Conference - Moulton Hall.
Thursday, October 24th—Natural Dancing - Wills Gymnasium.
Saturday, October 26th—Football, John Carroll and Kent State at Cleveland.
Thursday, October 31st—Sigma Sigma Sigma, Rush Party, K. of P. Hall. Natural Dancing, Wills Gymnasium. Lowry Hall House Party. Faculty Women's Club - Lowry Hall.
Friday, November 1st—Dance, Kappa Mu Kappa and Alpha Sigma Alpha, Moulton Hall. Theta Sigma Upsilon Rush Party, Wills Gymnasium.
Saturday, November 2nd—Open House, Moulton Hall.
Monday, November 4th—Y. W. C. A. - 312 Merrill Hall.
Thursday, November 7th—Natural Dancing - Wills Gymnasium. Sigma Sigma Sigma Rush Party,
Saturday, November 9th—Open House - Moulton Hall. Alpha Sigma Alpha Rush Party, Twin Lakes Country Club.
Tuesday, November 12th—College Assembly. Social Dancing, Wills Gymnasium. First Birthday Party, Lowry Hall.
Thursday, November 14th—Natural Dancing.

Calendar

Friday, November 11th—All College "Swing Out."
Saturday, November 16th—Home-Coming Football Game - Baldwin Wallace and Kent State at Kent. All College Dance - Wills Gymnasium.
Monday, November 18th—First joint House Meeting of Autumn Quarter.
Thursday, November 21st—Natural Dancing, Wills Gymnasium. Faculty Women's Club, Lowry Hall.
Sigma Sigma Sigma, Pledge Service, Off Campus Club Room.
Friday, November 22nd—Harvest Dance - Off Campus Women's Club, Moulton Hall. Pi Kappa Sigma Pledge Service, Chapter Room. Delta Sigma Epsilon Pledging and Dinner - Robin Hood.
Tuesday, November 26th—College Assembly. Social Dancing, Wills Gymnasium. Lowry Hall. Thanksgiving Dinner.
Wednesday, November 27th—Y. W. C. A. - Room 312, Merrill Hall. Thanksgiving Recess Begins, 4 P. M.
Monday, December 2nd—Thanksgiving Recess Ends, 8 A. M.
Tuesday, December 3rd—College Assembly. Phi Epsilon Pledge Initiation, Robin Hood. Tri Sigma Party for Alpha Sigma Alpha - Off Campus Club Room.
Wednesday, December 4th—Shark Swimming Club. Y. W. C. A. - Room 312, Merrill Hall. Cabinet Meeting of Women's League, Off Campus Club Room.
Thursday, December 19th—Natural Dancing - Wills Gymnasium. W. A. A. Meet. Tri Sigma Party for Alpha Sigma Tau, Off Campus Club Room.
Saturday, December 7th—Sigma Tau Gamma Dance - Moulton Hall.
Tuesday, December 10th—College Assembly; Lecturer, Chandra Gooneratne. Social Dancing, Wills Gymnasium. Tri Sigma Party for Phi Epsilon - Off Campus Club Room. Hiram College and W. A. A. Kent State, Play Night - Wills Gymnasium.
Wednesday, December 11th—Y. W. C. A. - Room 312, Merrill Hall. Shark Swimming Club.
Thursday, December 12th—Natural Dancing - Wills Gymnasium. Y. W. C. A. Bazaar, Moulton Hall. Tri Sigma Party for Pi Delta Theta - Home Economics Dining Room. Tri Sigma Party for Pi Kappa Sigma - Off Campus Club Room.
Saturday, December 14th—Basket Ball, Westminster College-at Kent State College. Faculty Women's Club, Moulton Hall. Alpha Sigma Alpha, Benefit Bridge, Moulton Hall. Pi Delta Theta Christmas Party, Mrs. Copeland's Home.
Tuesday, December 17th—Meeting, Freshmen House Mothers and House Presidents - Off Campus Club Room. Non-Fraternity Men's Dinner - Lowry Hall. Assembly - Dramatic Club Play; Professor Greibling, Director.
Wednesday, December 18—Shark Swimming Club. Music Department Cantata, Auditorium. Off Campus Women's Club Party, Off Campus Club Room.
Friday, December 20th—Moulton Hall Dance. Alpha Sigma Alpha Formal Dance - Twin Lakes Country Club.
     Fall Quarter Ends, 4 P. M.

WINTER QUARTER — 1930

Monday, January 5th—All classes meet.
Tuesday, January 7th—College Assembly. Basketball; Mt. Union College, Kent State at Alliance.
Calendar

Wednesday, January 8th—Entrance tests.
Friday, January 10th—New Year Ball, Women's League and Men's Union. Basket Ball, Youngstown College and Kent State at Youngstown.
Saturday, January 11th—Delta Sigma Epsilon Formal Greek Letter Tea, Moulton Hall.
Tuesday, January 14th—College Assembly, Caney Creek Community Boys. Tri Sigma Party for Delta Sigma Epsilon - Wills Gymnasium. Caney Creek Play, Auditorium.
Wednesday, January 15th—Basket Ball, Kenyon College at Kent State College. Shark Club.
Thursday, January 16th—Faculty Women's Club - Dinner and Meeting. Tri Sigma Party for Theta Sigma Upsilon, Off Campus Club Room.
Friday, January 17th—Sunset Dance, Moulton Hall. Pi Kappa Sigma Kid Party, Chapter Room.
Saturday, January 18th—Basket Ball, Marietta College at Kent State College. Pi Kappa Sigma Informal Initiation, Chapter Room. Sigma Sigma Sigma, Theatre Party, Akron.
Sunday, January 19th—Pi Kappa Sigma Formal Initiation, Chapter Room.
Tuesday, January 21st—Alpha Sigma Tau, Rush Party, Robin Hood.
Wednesday, January 22nd—College Assembly, Hilton Jones, Lecturer. Big and Little Sister Tea, Women's League, Moulton Hall. Shark Club - Pool. Y. W. C. A., Room 312, Merrill Hall.
Friday, January 24th—Wrestling, Case School at Kent State College. Sunset Dance, Moulton Hall.
Monday, January 27th—Alpha Sigma Alpha, Benefit Show, Kent Theatre.
Wednesday, January 29th—Y. W. C. A., Room 312, Merrill Hall.
Thursday, January 30th—Sigma Sigma Sigma, Rush Party, Mrs. Elgin's home. Freshman Lecture, Miss Gowns.
Friday, January 31st—Theta Sigma Upsilon Rush Party, Basement Universalist Church. Sunset Dance, Moulton Hall.
Saturday, February 1st—Basket Ball. Mt. Union College at Kent State College. Wrestling, Ohio State "B" Squad and Kent State College at Columbus. Alpha Sigma Alpha Rush Party, Moulton Hall.
Wednesday, February 5th—Shark Club. Y. W. C. A., Room 312, Merrill Hall. Freshman Lecture, Dean Verder, Moulton Hall.
Thursday, February 6th—Physical Education Club Meeting and Party, Mrs. Apple's home.
Friday, February 7th—Onaga Japanese Play, Mr. and Mrs. Michitaro, College Auditorium. Phi Epsilon All Greek Snowball Dance, Moulton Hall. Sunset Dance, Moulton Hall.

Calendar

Monday, March 31st—Women's League Meeting, Off Campus Club Room.

Tuesday, April 1st—College Assembly.

Wednesday, April 2nd—Big and Little Sister Teas - Women's League, Moulton Hall. Theta Sigma Upsilon Pledge Service, Off Campus Club Room.

Friday, April 4th—Kappa Mu Kappa Dance, Twin Lakes Country Club.

Tuesday, April 8th—College Assembly.

Wednesday, April 9th—Shark Club, Y. W. C. A., Room 312, Merrill Hall. Pan Hellenic Meeting.

Thursday, April 10th—W. A. A. Circus, Physical Education Department, Afternoon and Evening.

Friday, April 11th—Alpha Sigma Tau and Sigma Tau Gamma, Informal Dance, Moulton Hall.

Saturday, April 12th—Pi Kappa Sigma Entertainment, Sunshine Cottage, Silver Lake.

Monday, April 14th—Women's League Meeting, Off Campus Club Room.

Literary Club Meeting, Senior Room, Library.

Tuesday, April 15th—College Assembly. Pi Kappa Sigma Informal Pledge Party, Chapter Room. Entertainment, Michel Wilkomirski, Violinist; William Hughes, Pianist.

Wednesday, April 16th—Shark Club, Y. W. C. A., Association Room. Special Pan Hellenic Meeting.

Thursday, April 17th—Easter Recess begins, 4 P. M.

Monday, April 21st—Meeting, Theta Sigma Upsilon, Miss Bullock's home.

Tuesday, April 22nd—Easter Vacation ends, 8 A. M. College Assembly. Sigma Sigma Sigma Founders' Day Dinner, Lowry Hall Dining Room.

Thursday, April 24th—Faculty Women's Club, Dinner and Meeting.

Friday, April 25th—High School Oratorical Contest, Northeastern Ohio County Schools, Auditorium.

Saturday, April 26th—Alpha Phi Alpha Alumnae Sorority, Bridge Party, Dr. and Mrs. A. O. DeWeese's.

Tuesday, April 28th—College Assembly. Women's League Meeting, Off Campus Club Room.

Wednesday, April 30th—Y. W. C. A., Association Room. Baseball, Kent State, Western Reserve at Cleveland.

Thursday, May 1st—Home Economics Club Meeting. Theta Sigma Upsilon May Breakfast, College Woods. Literary Club, Library.

Friday, May 2nd—Sigma Sigma Gamma Greek Letter Formal Dance, Moulton Hall.

Saturday, May 3rd—Baseball, Oberlin and Kent State at Kent State.

Tuesday, May 6th—College Assembly.

Wednesday, May 7th—Y. W. C. A., Association Room.

Thursday, May 8th—Baseball, Ohio Northern, Kent State at Kent State.

Friday, May 9th—Phi Alpha Alpha Hobo Party, Off Campus Club Room.

Saturday, May 10th—Father and Mother Week-End.

Sunday, May 11th—Father and Mother Banquet and Tea.

Monday, May 12th—Women's League Meeting, Off Campus Club Room.

Wednesday, May 15th—Literary Club Meeting, Library.

Friday, May 16th—Home Coming Registration. Home Coming Plays—"Arms and the Man" and "Adam and Eva."

Monday, May 19th—Faculty Reception for the Seniors, Moulton Hall.

Wednesday, May 21st—Y. W. C. A., Association Room.

Monday, May 26th—Women's League Meeting, Off Campus Club Room.

Tuesday, May 27th—College Assembly. Campus Night.

Wednesday, May 28th—Y. W. C. A., Association Room.

Friday, May 31st—Memorial Day.

Saturday, May 31st—Literary Club, Library.

Sunday, June 1st—Baccalaureate Sermon, College Auditorium.

Tuesday, June 3rd—Baseball, Baldwin Wallace College and Kent State College at Kent State.

Thursday, June 5th—Special Assembly, Senior Class Day Exercises.

Friday, June 6th—Commencement, 10 A. M. Baseball, Akron U. and Kent State at Kent State.
An Appreciation

We thank the businessmen whose advertisements appear in the next pages for their liberal patronage. Also the faculty and student body for their hearty cooperation, both in work and subscriptions. With this assistance the production of this annual has been made possible. We urge our readers to carefully examine the following pages and note the messages contained therein.

—The Editor.
Yes, it was a vision; but no waking moment ever brought a clearer picture. I stood in the midst of a great throng of people. They held in their hands open purses, and kept their eyes fixed in an absorbing gaze at the distant horizon. When I sought the object of their deep interest, I beheld but a mere speck. However, as I watched it—lo! it drew nearer, grew larger, and assumed a definite form. Then I saw that this form—dark, mystical, quadrangular—bore upon its face in shining letters of gold—

"CHESTNUT BURR, '23"

The vision became clearer. The great black bulk was being supported and carried forward by human figures—weary and worn. They looked as if they had gone to the relief of Hercules, and he had deserted them. Occasionally they sank deep into the mire, and passionately begged help of the passers-by. The people, however, though they gazed steadily on the sable rectangle and the golden letters, yet they scarcely noticed those upon whose shoulders it all rested. At one corner the support was "Cookie", lifting like a pillar of the universe and at the same time issuing commands to every one in sight. Under the adjacent angle was "Pib" Packard, lifting until his tall form seemed but a dwarf. He was doing a valiant work, yet at the same time he was wondering how he ever happened to get under such a burden. On the other side was Lucian, lifting, lugging, and issuing commands as if he were a general leading a critical attack. His spirit was imparted to "Tommy"; and Friday, himself, was never more faithful.

In the shadow of this great form, Jimmy Beck and Mary Bissel, the social lions, were roaring. "Red" was muttering to himself about the whole thing being against the athletic rules. He appealed to Marie Kulow, who agreed with him that we should keep fit. With them was a great literary spirit bearing the cognomen of Pitkin. A scholar, bedecked in cap and gown, was Nelle McGee. Mildred Snyder was screaming "What am I to do?"

There was but one placid figure. In unendurable desperation he had swooned away. Not however until he had torn his hair and rent his clothes. Beside his was a rusting camera. He was our photographer.

—from Mid-Winter Number of the Kentonian, 1923.

DAVEY men carry away from Kent each year many memories of good fellowship extended them by Kent State College students, faculty, and administration.

It is our hope that through your contacts with them and your residence in Kent, the home of the Davey Institute of Tree Surgery, you have gained a greater appreciation of the beauty of trees and the importance of the Tree Surgeon's work.

As an educational institution concerned with the dissemination of knowledge which will make for the extension of such an appreciation among the American people, we invite you as teachers to make use of the findings of our research department in teaching your students of the enemies of trees and their control, and related subjects.
